LIVING ROOM

A living room is the space where people spend plenty of time, so it is important to create a balanced atmosphere. Usually, for smaller rooms, white walls or pastel tones are appropriate. Bold colors can optically reduce the impression of space.

BED ROOM

One great modern bedroom design idea is to break up sharp, sterile lines with stripes and other shapes. As pictured, the staggered mirror wall design, coupled with a striped rug and futuristic overhead fixture keep the bedroom decor clean and modern without sacrificing personality.
